by the State Controller's Office

# MEMORANDUM

**To:** All Interested Parties

**From:** Patricia Eberhart, Director  
Finance and Administration Division

**Subject:** California State Lottery Education Allocations

**Date:** October 3, 2006

The enclosed report summarizes disbursements from the Lottery Education Fund to public education institutions by county for the fourth quarter of FY 2005-06. This report also itemizes Lottery funding based on Proposition 20, which stipulates that 50% of funding above the FY 1997-98 benchmark be spent on instructional materials. All Lottery funding is distributed on an Average Daily Attendance (ADA) basis by the State Controller's Office.

The California State Lottery (Lottery) was established to provide supplemental funding for education in California. Specifically, the Lottery must provide at least 34% of all revenue, unclaimed prizes, and interest in the form of supplemental funding for public education in California. In FY 2005-06, the Lottery generated over \$1.28 billion for public education, making it the sixth consecutive year that over \$1 billion has been transferred to public education.

Lottery funds account for approximately 1.5% of all education funding. Funds are distributed to K-12 schools, community colleges, the California State University, the University of California, the Hastings College of the Law, the Department of Corrections & Rehabilitation-Division of Juvenile Justice, the Department of Education-State Special Schools, the Department of Developmental Services, and the Department of Mental Health.

Information on Lottery funding is also available at [www.calottery.com](http://www.calottery.com).
