SUMMARY INFORMATION

The California State Lottery was established in 1984 to provide supplemental funding for public education in California. Specifically, the Lottery must provide at least 34% of all revenue to the Lottery Education Fund for distribution to public education in the state. In recent years, Lottery funds have accounted for approximately 1.5% of all education funding in the state. Funds are distributed to K-12 schools, community colleges, the California State University system, the University of California system, Hastings College of Law, Department of Corrections & Rehabilitation-Juvenile Justice Division, Department of Education-State Special Schools, Department of Developmental Services and Department of Mental Health.

This report summarizes the FY 2006-07 disbursements from the Lottery Education Fund to public education.
