Duties

Under general supervision of the Data Processing Manager II, the Staff Information Systems Analyst (Specialist) responsibilities include:

- Facilitate the establishment and maintenance of the technical architecture for the Lottery's personal computing device and office productivity software
- Provide technical support on highly complex and/or sensitive issues pertaining to personal computing devices, related software, and device network connectivity to Lottery host systems
- Analyze new technologies and evaluate their potential use in solving business problems for the Lottery
- Review highly complex proposed systems and applications that are developed for use by Lottery staff and provide expert technical advice to ensure that solutions are properly matched to the systems and other personal computing device solutions utilized by the Lottery
- Serve as technical project lead for implementation of the most complex and/or sensitive personal computing device deployments
- Serve as lead in coordinating assignments and workload for the Service Desk Unit

Desirable Qualifications

Applicants applying for this position should:

- Have good written and verbal communication skills
- Have good interpersonal skills
- Have good attendance
- Have good problem solving skills including a thorough understanding of how to interpret customer business needs and translate them into application requirements
- Be willing to travel and work overtime
- Lift and move PC equipment, which can weigh 30 pounds or more

Who Should Apply

Applicants must be state employees who are currently in the Staff Information Systems Analyst (Specialist) classification or have current list or transfer eligibility to this class. Applications will be screened and only those that best meet the requirements of the job will be considered. Appointment is subject to the provisions of SROA/Surplus.

Equal Opportunity Employer: The California State Lottery is an equal opportunity employer to all regardless of race, religion, ancestry, disability, age, sexual orientation, color, creed, national origin, sex, marital status or political affiliation.

Background Investigation: The California State Lottery Act provides that no person may be hired as an employee of the Commission if that person has been convicted of a felony or any gambling related offense. A background check will be required.
