### Duties

Under the direction of the Data Processing Manager II, and the Senior Programmer Analyst (Lead) or the Staff Programmer Analyst (Lead), the Associate Programmer Analyst's responsibilities include:

- Perform technical analysis, design and journey level programming and implementation of new and existing web applications
- Study, review and become fully familiar with the hardware and software in use of the web and client/server
- Coordinate any changes or enhancements to systems to ensure their continued integrity and effective operation
- Participate with management, analysts, users, and programming staff to plan, organize and direct the activities required to develop and implement application projects as well as enhance existing ones
- Assist analysts, leads and users to identify problem areas with existing systems and prepare recommendations for solutions to information needs involving the integrated internals of the Lottery

### Job Requirements

Applicants applying for this position should have:

- The ability to work extended hours (overtime may be required)
- Experience working with the Microsoft.NET Framework including VB.NET, ASP.NET, ADO.NET, and database design and development with SQL and stored procedures
- Strong written and verbal communication skills
- Good attendance
- The ability to handle multiple projects simultaneously
- Good customer service and interpersonal skills

### Who Should Apply

Applicants should be state employees who are currently in the Associate Programmer Analyst classification, or have current list or transfer eligibility for appointment to this class. Applications will be screened for eligibility and only those that best meet the requirements of the job will be considered. Appointment is subject to SROA/Surplus provisions.

1/23/2008

**Equal Opportunity Employer:** The California State Lottery is an equal opportunity employer to all regardless of race, religion, ancestry, disability, age, sexual orientation, color, creed, national origin, sex, marital status or political affiliation.

**Background Investigation:** The California State Lottery Act provides that no person may be hired as an employee of the Commission if that person has been convicted of a felony or any gambling related offense. A background check will be required.
