E. HOT SPOT® REGULATIONS

1. PURPOSE

The California State Lottery (Lottery) will conduct a draw game called Hot Spot® pursuant to these regulations. Hot Spot® players select from two to five or eight one to 10 numbers from a field of 80 numbers. The Lottery will draw 20 winning numbers from the same field. Depending on the numbers matched, players may win a prize.

METHOD OF PLAY

a. Selection Cost

A Hot Spot® selection costs \$1. At the player's option, he/she may play \$1, \$2, \$3, \$4, \$5, \$10 or \$20 worth of selections per drawing. The Commission may, after public announcement, authorize a discount to permit the sale of a selection for an amount less than \$1.

b. Play Selections

- (1) A player may indicate his/her spot selections on a Hot Spot® playslip for input into a terminal as follows:
 - (a) A player must select and mark the number of numbers (the spot) the player intends to match from the 20 numbers selected by the Lottery. The player may select and mark a spot for two through five or eight one through 10 numbers.
 - (b) A player may use the Quick Pick® feature or mark his/her own set of numbers from one through 80 in the Hot Spot® play area. If Quick Pick® is selected, the same number of numbers corresponding to the spot selected by the player will be randomly selected, i.e., if the 5 spot is selected and marked, five numbers from the field of 80 numbers will be randomly selected. A player who marks his/her own numbers must mark the same number of numbers as the spot he/she selected, i.e., if the 4 spot is selected and marked the player must select four numbers. If a player marks both Quick Pick® and his/her own numbers, depending on the type of terminal utilized, the terminal will either override the Quick Pick® selection and will issue a ticket containing the player's selected numbers, or it will override the numbers selected by the player and will issue a ticket with a Quick Pick® selection.

- (c) A player must indicate the amount of the wager for each play (i.e., \$1 \$2, \$3, \$4, \$5, \$10 or \$20). If the player does not mark the amount of the wager, \$1 will be automatically selected.
- (d) A player may mark two, three, four, five, 10, 20, 50 or 100 consecutive draws to wager on the same ticket. If the player does not indicate the number of draws, one draw (the next draw) will automatically be selected.
- (e) Hot Spot® players may not play more than \$100 per ticket. Selections costing more than \$100 will not be processed.
- (2) After the playslip has been marked, the ticket may be obtained, depending on the retailer location, either by submitting the completed playslip to the retailer for processing on a terminal or by personally processing the playslip on a self-serve terminal.
- (3) A ticket is the only proof of a player's selection and is the only valid evidence of eligibility for claiming a prize or promotional award. A playslip has no pecuniary or prize value and does not constitute evidence of purchase of the selection(s) or the particular numbers in the selection(s).

3. DETERMINATION OF HOT SPOT® WINNERS

a. Draw Procedures and Drawings

Draws will be conducted pursuant to these regulations and pursuant to methods, policies and procedures prescribed in writing by the Director prior to the draws. The draw procedures will remain confidential to ensure the security, integrity, honesty and fairness of the drawings.

Hot Spot® draws will be held every day of the week during established hours unless a disruption, as described in these regulations, occurs. The time, place and frequency of such draws may be changed at the discretion of the Director.

b. Draw of the Winning Numbers for Hot Spot®

A computer programmed solely for that purpose will randomly select 20 unique winning numbers from a field of 80 numbers (one through 80, inclusive) using computerized draw equipment. These 20 numbers will constitute the set of winning numbers for that draw.

An owner of a valid winning ticket for a given draw that bears the winning numbers drawn in that drawing, in whole or in part and irrespective of the order of the numbers drawn, may be entitled to a prize or promotional award in accordance with these regulations.

Any numbers displayed on LIDS—monitors are informational and for entertainment purposes only and are not for the purpose of validation of a winning ticket. All tickets are subject to the validation and authentication provisions in these regulations.

c. No More than One Prize for a Single Hot Spot® Winning Selection

Hot Spot® players are eligible to receive, subject to the validation requirements of these regulations, only the highest prize level or promotional award for each winning Hot Spot® selection (i.e., a 5 spot/5 match winner will receive the 5 spot/5 match prize only, but will not receive the 5 spot/4 match prize, 5 spot/3 match prize, etc.). The Lottery is not responsible for prizes paid at a retailer location and accepted by a player in error for a prize or promotional award lower than the highest prize level or promotional award for the selection.

d. Determination of Valid Claims

- (1) In all cases, the determination of prize or promotional award winners is subject to the California State Lottery Act, these regulations, and the requirements set out on the playslip or in play brochures, if any.
- (2) A ticket is a bearer instrument until signed on the back by the ticket holder.

a. How to Play

In order to play the Bulls-Eye® feature, Aa player must play Hot Spot® in order to play the Bulls-Eye® feature and mark the Bulls-eye® option on the Hot Spot® playslip. Bulls-Eye® play is available only on a 2, 3, 4, or 5 spot Hot Spot® playslip indicating choice of 2, 3, 4, or 5 spot play. Players do not select additional numbers for Bulls-Eye® play.
